"A Vision of Commitment"
(St. Elizabeth School Alma Mater)
Lyrics and Music by Toni Borreliz

A vision of commitment -
To the spirit...mind...and soul,
A School built on compassion
St. Elizabeth, St. Elizabeth -
Onward we do go!

St. Elizabeth of Hungary -
The queen with a giving heart;
A friend and servant to the poor -
A "gift forever to impart." (refrain)

To meet the needs of one another,
And challenges of each day;
As citizens of tomorrow
Our learning grows along the way.

A vision of commitment -
To the spirit...mind...and soul,
A School built on compassion
St. Elizabeth, St. Elizabeth -
Onward we do go...
Onward we do go...
A vision of commitment.

CATHOLICITY STATEMENT – DIOCESE OF HONOLULU

The mission of Catholic education in the Diocese of Honolulu is to form children who are nourished intellectually, spiritually and liturgically to share the presence of Christ in the world.

Our Catholic educational institutions are obligated by our faith to shape our youth by immersing students in curriculum and experiences rooted in Catholic teaching and doctrine with emphasis on morality and Christian character building. This formation, paired with 21st century academics and teaching methods, is critical for success at any Catholic educational institution in Hawaii.

There are many choices a family has in education and faith formation of their children. We invite all families who have chosen to enroll their children to share in the light of Christ and to cooperate and support the mission and framework of Catholic education in the Diocese of Honolulu.

PHILOSOPHY

St. Elizabeth School is a Catholic community centered in Christ and committed to the formation of the whole child. We strive for academic excellence through a curriculum that integrates Catholic truths and values. We foster caring, respect, compassion, diversity and student responsibility in accordance with the teachings of Jesus Christ. We promote optimal learning through spiritual, intellectual, psychological, physical and sociological development.

ADMISSION POLICIES

St. Elizabeth School's primary mission is to be an effective instrument in the educational ministry of the Catholic Church and to witness the love of Christ for all. Therefore, we do not discriminate against any applicant on the basis of race, sex, creed, color, religion or national origin.

However, being that St. Elizabeth School is a parish school, when available space is limited, preference is given to Catholic students that belong to the parish, then to Catholic students outside of parish, and then to non-Catholic students. Students must meet all admission requirements.

Returning Students:

Each school year, parents must re-enroll their child/children for the coming year. **Intent to Return** form is sent home to parents in late January. Since acceptance for the next school year is not automatic, the school reserves the right to accept or decline applications at the discretion of the Pastor and Principal. Such decisions are based on parental cooperation and acceptance of school's philosophy, academic performance, behavior, attendance, fulfillment of financial responsibilities and educational opportunity available. A letter of non-acceptance is made in writing.

Upon acceptance, a non-refundable deposit is required by the stated deadline to insure a reservation. No student is officially registered unless the deposit is made and previous year's tuition has been paid in full by the deadline set forth during the school year.

New Applicants:

Kindergarten:

A child entering Kindergarten shall be five years old by Dec. 31 of that school year. Applicants are given a readiness test individually followed by a parent interview with the principal. Upon acceptance, a non-refundable deposit is required to reserve space in the class for the next school year.

Every family must have an emergency card on file. The information provided allows school officials to contact parents if an emergency arises. It is the parents' responsibility to keep that information current, including home/work phone numbers and allergies/medications needed. If parents cannot be reached, names and phone numbers of emergency contact persons must be current. They should also be able to pick up the child if necessary. Note: Quarterly grades should be the average of the mid-quarter reports plus second half of the quarter.

Reports to Parents:

1. Parent Teacher Conference at the end of the first quarter is mandatory. The report card is reviewed with the parents. Expectations for the school year are discussed. Teachers are encouraged to confer with parents when a student is experiencing academic difficulty.
2. Mid-Quarter Reports for core subjects are sent home for all students on dates indicated on the school calendar; grades are also posted on Option C.
3. Deficiency notices are sent home throughout the school year, if warranted. Missing assignments are posted on Option C.
4. Report Cards are distributed four times a year after the completion of each quarter.
5. Parent/Teacher Conferences for individual students can be arranged at the request of administration, parents or teacher through the school office.

Honors/Principal's List:

Students receiving cumulative quarter grades of 3.0 to 3.4 are placed on the Honor Roll. Those receiving quarter grades of 3.5 to 4.0 are placed on the Principal's List. A grade of "D" in any subject disqualifies a student from being on the Honors'/Principal's List.

Year End Awards:

At the end of the school year, students are recognized for academic excellence. Students' grades for all four quarters are averaged. The students receiving the highest grade point average in all academic subjects in grades 4-8 will receive 1st Honors, the second highest receives 2nd Honors and the third highest receives 3rd Honors. Students in grades 1-8 receiving excellent grade point average in a specific subject(s) receive a subject award.

Probation:

Students' grades are reviewed by the administration prior to report cards being distributed. Grades of "D" or lower in 2 or more core subject areas (Religion, Language Arts, Math, Science and Social Studies) will result in academic probation. The purpose of probation is to help the student regain an acceptable academic standing. The following process is employed (please refer to page 11):

1. Student will meet with the Principal for a conference.
2. A letter will be sent to the parents informing them of the probation. A conference will be scheduled if necessary.
3. Student will be monitored closely by the classroom teacher.
4. Participation in sports or other co-curricular activities will be evaluated until academic improvement is evident with "C" or better grades.

Promotion/Retention:

Students who master the minimum objectives in the core subject areas with a "D" or better are promoted to the next grade level.

Students receiving a grade of "F" in two or more core subject areas for two or more quarters, especially during the last semester are considered unsatisfactory.

Students who do not successfully master the minimum objectives in the core subject areas with a "D" or better are required to do one of the following:

1. be retained in the same grade level if minimum objectives are not met in more than one subject area.
2. be recommended for promotion on a probation basis and required to attend summer school.
3. be recommended for transfer to a school where alternative programs are available to meet the student's needs.

Promotion and retention are based on an evaluation of academic, social and emotional growth. Some reasons for considering retention other than grades are:

1. indifference or lack of effort on the part of a capable student.
2. social immaturity.
3. excessive absence.

Summer School:

An academic program for students entering Grades 1-8, depending upon the number of students and availability of teachers. The improvement /enrichment Math and Reading needs of the students are addressed. In Reading the emphasis will be on comprehension through an exposure to literature. Writing and phonics skills are reinforced. The focus is developing a positive attitude toward reading and writing through creative and cooperative activities. Math connects key Math concepts from different mathematical strands including number sense, basic operations, problem solving, measurement, geometry, data analysis, patterns, and algebraic thinking.

Graduation:

8th Grade students completing all the course work required with a "C-" or better grade merit graduation. At the end of the first semester, students in danger of not graduating will be notified. Students may be denied the privilege of participating in graduation ceremonies for unsatisfactory grades, disciplinary reasons or unpaid financial obligations.

Homework:

Homework is an integral part of learning. It is an extension of the learning that takes place in the classroom. Homework reinforces classroom learning and provides opportunities for independent study, research and creative thinking. Homework is the responsibility of the student and should be submitted by assigned due dates. School regulation student homework planners (Grs. 3-8) must be purchased from the School Office. Parents should be aware of assignments by reviewing student planners or as online @ OptionC.com, checking if homework is completed, signing when necessary, providing a quiet atmosphere and enforcing time needed to complete homework. General guidelines for time spent on homework are:

Kindergarten:	20 - 30 minutes
Grades 1 - 2:	45 minutes – 1 hour
Grades 3 - 5:	1 - 1 ½ hours
Grades 6 - 8:	2 hours

PARENT AND STUDENT RESPONSIBILITIES**Attendance and Absence:**

Students are required by law to attend school punctually and regularly. Regular attendance is essential to a student's success in school. Most subject content is taught in sequence, so that student knowledge is built upon prior background and subsequent lessons. Persistent absenteeism creates a genuine hardship for a student and is regarded as a very serious problem.

Parents are to notify the school office of their child's absence by 9:00 a.m. A note explaining the reason for absence is required upon return to school. If a student is to be restricted from school activities after an absence, this should also be indicated in the note. **Homework must be requested by 9:30 a.m. and picked up between 2:45 and 3:00 p.m. in the School Office. Parents/students should also check Option C for assignments.**

A doctor's note is required for re-admittance to school if the illness was due to a communicable disease.

Tutoring through the Department of Education should be arranged for exceptionally long absences.

Students' absences are excused for the following:

1. Personal illness
2. Family illness
3. Death in the family
4. Religious holiday

Absences in excess of 20 days during the school year will be evaluated for possible grade retention. Medical and dental appointments should be scheduled after school hours. If this is not possible, students may be excused for these special appointments if prior notification is made with the student's teacher(s) and make-up work is completed.

Family vacations/trips should be taken during school breaks in order to avoid unnecessary interruptions on the child's classroom learning. **If a long-term absence is necessary, a month's written notice must be submitted to the school office for approval. Emergencies are the exception. Parents are responsible to make arrangement(s) with the teacher(s) for their child's make-up work and make sure that all assignments are completed. Daily assignments may be obtained on-line through Option C.com.**

Tardiness:

The first bell rings at 7:45 a.m. to warn students to report to their classrooms. A student is considered tardy if he/she is not seated at the 8:00 a.m. Students arriving after 8:00 a.m. must obtain a tardy slip from the Office before being admitted to class.

Arrivals and Dismissals:

Students may not report to school before 7:30 a.m. unless, they are enrolled in the Kama'aina Kids' morning care program.

When school is dismissed, all students except those who are enrolled in Kama'aina Kids' after school program or other school-approved activities, must leave the grounds immediately. Students who are not picked up 15 minutes after the last dismissal bell (3:00 p.m. on full days; 12:15 p.m. on short days), shall be placed in the Kama'aina Kids' program and parents will be charged according to the hourly rate of the program. This includes siblings who are not enrolled in any one of the school activities.

Since the school does not provide supervision before 7:30 a.m. or after 3:00 p.m. or 15 minutes after the last dismissal bell, St. Elizabeth School is not responsible for the safety of your child/dren before 7:30 a.m. and 15 minutes after the last dismissal bell.

Records:

Parents/legal guardians upon request may review their child's cumulative folder containing their child's school records in the presence of the principal or his/her delegate. Request shall be made in writing with a twenty-four (24) - hour notice. Student record information will not be given over the phone.

Non Custodial Parent:

St. Elizabeth School abides by the provisions of the Buckley Amendment with respect to the rights of non-custodial parents. In the absence of a court order to the contrary, the school will provide the non-custodial parent access to the academic records and other school-related information regarding the child. If there is a court order specifying that there is to be no information given, it is the responsibility of the custodial parent to provide the school with an official copy of the court order.

Medication:

Non-prescription medications (e.g. aspirin, Tylenol, cough syrup, etc.) cannot be administered by school personnel. The School Office personnel can administer prescription medication only if the following requirements are met:

1. A note dated and signed by the parent must accompany the medication and be turned in to the office.
2. Medication must be in the original container with a prescription label in the child's name indicating drug identification, dosage, doctor's name and prescription date.
3. Prescription must be current.
4. No more than one week of medication can be sent.
5. Advise if refrigeration is needed.
6. Medication must be kept in the office. If the child has to transport the medication to school, please instruct your child to take it immediately to the office for safety reasons.
7. For the safety of your child, please inform the school office if your child is on medication (name & dosage of the medication in order to monitor side effects and for nurses to respond accordingly).

FIELD TRIP POLICIES

Field trips are enriching experiences of classroom learning. They are privileges afforded to students. Participation in a field trip can be denied if academic or behavioral requirements are not met. As long as Safe Environment requirements are met, parents are invited to help supervise field trips. Due to safety reasons, siblings are not allowed to accompany parents on class field trips. **No exceptions can be made.**

The official Parents' Excursion/Activity Permission Form is the only acceptable authorization form that can be used. Failure to submit a proper field trip form will result in the child not being allowed to participate in the field trip. Phone calls will not be accepted in lieu of proper forms. Parents have the right to refuse to allow their child to participate in a field trip; however, arrangements must be made for childcare.

A student's misbehavior on a field trip will result in:

1. immediate pick-up from the field trip by administration, and/or
2. forfeiture of privilege to go on future field trips.

COMMUNICATION

Parent-Teacher-Administration:

It is best to handle a problem at the level that it occurs. Parents are encouraged to bring their concern to our attention immediately. If a parent is concerned about a problem that happened in the classroom, the classroom teacher should be consulted.

If the problem persists or the parent is not satisfied with the resolution of the problem, an appointment to meet with the Principal/Assistant Principal should be made through the School Office.

If the problem is still not resolved, parents may then speak with the pastor, by scheduling an appointment with the parish secretary.

If the problem is still not resolved, parents may send a signed and dated complaint in writing to the Superintendent of Hawaii Catholic Schools.

****Please note** that Teachers' primary responsibility in the morning or during school hours is attending to their students. Therefore, drop-in visits to the classroom are not allowed. Appointments to meet with a teacher can be made through the School Office or by letter sent directly to the teacher. The teacher will contact parents by telephone or letter if necessary.

News Bulletins:

Newsletters are sent out quarterly and as needed. Parents are encouraged to look for the letters that will contain information about up-coming school activities, changes in schedules, important deadlines etc. Day to day information may be sent through email by teachers or through option C.

Important notices require parental signature and a return slip to acknowledge receipt. Prompt return of these slips is appreciated.

Parent-Teachers Guild (PTG)

Every parent whose child is officially enrolled in St. Elizabeth School automatically becomes a member of the Parent-Teachers Guild or PTG. The purpose of this organization is to assist the school in accomplishing its spiritual and educational goals and objectives for the year in order to provide our students the quality education they deserve. The organization is also charged with raising funds that help offset some of the school's operating costs in order to maintain a tuition that is affordable to our families.

PTG meetings are scheduled every other month throughout the school year. These meetings are means of communication between school and parents. Parents are informed on the school activities, updates of academic and non-academic programs, etc. Parents are strongly encouraged to participate in these meetings to help us develop our partnership in the education of our students. Scheduled dates for PTG Meetings are listed on the School Calendar.

Parish School Board

Parish School Board is an advisory group to the pastor in the administration of the school on a parish level. Membership is selected from the parish community and the community at large.

CONDUCT CODE

It is our goal (administration, faculty, staff and parents) to cooperatively guide our students to grow in self-control. The guiding principle of our behavior code is to act in a Christian manner guided by Christ's teaching, "Love your neighbor as yourself." Whenever a student chooses to violate school rules, guidelines or classroom policies, some form of disciplinary action is necessary to help the student rehabilitate and grow in self-control.

Code of Christian Conduct Expected of Students, Parents and Guardians

To insure continued enrollment a student must behave in a manner, both on and off campus that is consistent with the Christian principles of the school, as determined by the school in its discretion. These principles include, but are not limited to any policies, principles or procedures set forth in this student/parent handbook of the school.

The parents/guardians of a student likewise, shall also embody the standards of conduct that are consistent with the Christian principles of the school, as determined by the school in its discretion. These principles include, but are not limited to any policies, principles or procedures set forth in this student/parent handbook of the school.

These Christian principles further include, but are not limited to the following:

- Parents/guardians are expected to work courteously and cooperatively with the school to assist the student in meeting the academic, moral and behavioral expectations of the school.
- Students and parents/guardians may respectfully express their concerns about the school operation and its personnel. However, they may not do so in a manner that is discourteous, scandalous, rumor driven, disruptive, threatening, hostile, or divisive.
- These expectations for students and parents/guardians include, but are not limited to, all school-sponsored programs and events (e.g., extended care, athletics, field trips, parking, dropping off and picking up of students, etc.)

The school reserves the right to determine, in its discretion, which actions fall short of meeting the Christian principles of the school. Failure to follow these principles will normally result in a verbal or written warning to the student and/or parent/guardian and will result in disciplinary action short of a requirement to withdraw from the school (e.g. suspension of student or suspension of parent/ guardian's privilege to come on the campus grounds and/or participate in parish school activities , volunteer work, etc.).

The school reserves the right to determine, in its discretion, when conduct is of such a severe nature as to warrant immediate action without a warning and/or without an intermediate step short of withdrawal. In some rare instances, however, the school (Principal and/or Pastor) may find it necessary, in its discretion, to require parents/guardians to withdraw their child.

As parents, you are the primary educators of your child. By enrolling your child at St. Elizabeth School, you are choosing its programs and curriculum over those available to other schools. If you lose confidence in St. Elizabeth's programs and curriculum or if you find yourself in dispute with its staff and administration, we respect your right to enroll your child elsewhere. In that event, please contact the Principal to discuss your concerns before making a final decision. Similarly, if administration of St. Elizabeth concludes that you are not supportive of the School's programs and curriculum or that you have become antagonistic towards its staff or other members of the School community, the Principal will contact you to discuss these concerns and, if they cannot be satisfactorily resolved, will encourage you to make arrangements for the education of your child elsewhere.

BULLYING POLICY

St. Elizabeth School recognizes that bullying and intimidation have a negative effect on school climate and negate the spirit and uniqueness of each individual we advocate in a Catholic school. Students who are intimidated and fearful cannot give their education the single-minded attention they need for success. Bullying can also lead to more serious violence. Every student has the right to an education and to be safe in and around school.

1. **Definition of bullying.** Bullying is a pattern of abuse over time and involves a student being "picked on." Bullying includes physical intimidation or assault; extortion; oral or written threats; teasing; putdowns; name-calling; threatening looks, gestures, or actions; cruel rumors; false accusations; and social isolation.
2. **Bullying is prohibited.** SES community shall not tolerate any bullying on school grounds or at any school activity on or off campus.
3. **Staff intervention.** SES expects all staff members who observe or become aware of an act of bullying to take immediate, appropriate steps to intervene—unless intervention would be a threat to staff members' safety. If a staff member believes that his/her intervention has not resolved the matter, or if the bullying persists, he/she shall report the bullying to the school administration for further investigation.

4. **Student and parents shall report bullying.** SES expects students and parents who become aware of an act of bullying to report it to the school administration for further investigation. Any student who retaliates against another for reporting bullying may be subject to the consequences listed below in paragraph 6.
5. **Investigation procedures.** Upon learning about a bullying incident, the principal, or designee, shall contact the parents of both the aggressor and the victim, interview both students, and thoroughly investigate. This investigation may include interviews with students, parents, and school staff; review of school records; and identification of parent and family issues.
6. **Consequences/intervention.** Consequences for students who bully others shall depend on the results of the investigation and may include counseling; a parent conference; detention; suspension and/or expulsion. Depending on the severity of the incident, the principal may also take appropriate steps to ensure student safety. These may include implementing a safety plan; separating and supervising the students involved; providing staff support for students as necessary; and developing a supervision plan with the parents.
